RITU JANGID

PRODUCT MANAGER | AI PRODUCT MANAGER | PRODUCT STRATEGY | PRODUCT ANALYTICS

Jaipur, Rajasthan | +91 8955706265 | ritujangid8955@gmail.com | LinkedIn | Portfolio

PROFILE

Product management aspirant with hands-on experience across the full product lifecycle in gifting and lifestyle products: from customer requirement and concept, through 3D modelling, prototyping and machine-ready design, to production delivery. Strong in product discovery, user research, competitor analysis, PRDs, user stories, roadmapping, RICE/MoSCoW prioritisation, Agile/Scrum and product metrics (funnel, engagement, retention). Combine a maker's understanding of what is feasible to build with a PM's focus on user problems, trade-offs and measurable outcomes. Keen to build AI-powered products using generative AI and prompt engineering. Seeking Associate Product Manager and Product Manager roles.

PROFESSIONAL EXPERIENCE

Marble Craze **2026**

Product Designer

- Owned product development from concept to production, translating customer needs and design requirements into manufacturable, market-ready products.
- Led new product development (NPD): ideation, 3D modelling, prototyping and iteration, balancing aesthetics, cost, material and production feasibility.
- Coordinated with production teams and managed timelines so designs moved smoothly from approval to execution.

Confetti **2025**

Production Designer

- Managed customised gift and lifestyle product requirements end to end, coordinating creative and production execution against customer specifications.
- Converted customer briefs into production-ready files and outputs, reducing back-and-forth between design and production teams.
- Worked closely with production to resolve design-to-manufacturing constraints and keep orders on track.

igp.com **2023 – 2024**

Graphic Designer

- Designed customised and personalised products at scale based on customer requirements, with a focus on accuracy and visual quality.
- Contributed to new product development for gift articles, delivering production-ready design execution from brief to final output.
- Worked hands-on with UV printing, laser-cutting/engraving workflows and 3D machine operations, designing files specifically for machine output.

PRODUCT CASE STUDIES

WhatsApp: AI Catch-Up Summaries for Busy Group Chats 2026

- Identified that users with large unread group chats miss key updates; proposed an opt-in, privacy-first AI summary feature with a feedback prompt, scoped as an MVP using RICE.
- Success metrics: 25% adoption among eligible users, 80% helpful-rating, 20% reduction in unread backlog, 2% lift in 30-day retention.

Zomato: Reducing Cart Drop-Off and Improving Delivery ETA Trust 2026

- Mapped the discovery-to-payment funnel, found drop-off points and proposed transparent ETA, smart reorder and personalised recommendations; planned an A/B test on the ETA display.
- Success metrics: 12% lower cart abandonment, 6% higher order conversion, 90% ETA accuracy within 5 minutes, 10% higher repeat-order rate.

Uber: Reducing Rider Cancellations and Wait-Time Uncertainty 2026

- Analysed post-booking rider cancellations and proposed live driver-arrival confidence, proactive delay updates and a pre-cancel nudge; built the KPI tree and prioritised with ICE.
- Success metrics: 15% lower rider cancellation rate, 5% higher ride completion rate, 10% faster driver acceptance, CSAT of 4.5 or above.

SKILLS & TOOLS

Product Management: Product Discovery, Problem Identification, Product Strategy, Roadmap, PRD, User Stories, Acceptance Criteria, Backlog Management, Prioritisation (RICE, MoSCoW), User Research, Competitor Analysis, Agile, Scrum, Sprint Planning

Analytics & AI: KPI Trees, Funnel Analysis, Engagement and Retention Analysis, A/B Testing Fundamentals, Generative AI, Prompt Engineering, ChatGPT

Tools: Jira, Confluence, Notion, Figma, Miro, Google Analytics, Git/GitHub, Excel, Google Sheets

Design & Technical: Photoshop, Illustrator, CorelDRAW, Canva, Premiere Pro, Bambu Lab 3D Printing, Visual Design, Packaging Design

EDUCATION

Product Management Program, CareerVeda 2026

Graduation, Rajasthan University 2024
